Key lighting a four-person news desk, for example, takes between three to six Kino Flo fixtures depending on the height at which the fixtures are hung, and the distance from the subjects. For side fill sources, only two Kino Flos are needed. For separation lights behind the subjects, expect to use three to six just like the number used for key lighting.

The role of cinematography, as both a science and an art, is often forgotten in the chatter about acting, directing, and budgets. The successful cinematographer must have a keen creative eye, as well as expert knowledge about the constantly expanding array of new camera, film, and lighting technologies.
