(3) The circle of the Enneagram provides two other elements: (i) imposing a universal ordering and (ii) setting the features in an infinite continuum. Multidimensional mapping, as applied to the other models, provides different categories, but the various categories are not ordered in a specific way.

### **Mapping the Human Psyche - 3. Comparison with the three**

The Mapping Your Steps manual provides instructions and essential materials for the use of the Twelve Step maps as a counseling tool. The introduction presents the rationale behind using these maps and possible activities. The remainder of the manual has the actual maps. It is divided into four main sections.
