Overnight is a 2003 documentary by Tony Montana and Mark Brian Smith. The film details the rise and stumble of filmmaker and musician Troy Duffy, the writer-director of The Boondock Saints, and was filmed at his request.. Duffy is presented as a victim of his own ego, and as the film progresses and his fortunes fade, he becomes increasingly abusive to his friends, relatives and business partners.

However, if you are discussing, for example, the historical context in which the episode originally aired, you should cite the full date. Because you are specifying the date of airing, you would then use WB Television Network (rather than Mutant Enemy), because it was the network (rather than the production company) that aired the episode on the date you're citing.

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.
